HALLWAYS (STORIES FROM JUVIE)

Thanks to a new grant from the Department of Cultural Affairs, The Group Rep is proud to present HALLWAYS: STORIES FROM JUVIE, a new streaming multi-media project coming to Youtube.

This production is based on a book by GRT member, Heidi Mendez. Heidi was a volunteer at a Juvenile Hall Detention Center in Utah for two years. While there, she was moved by the stories of the kids and asked them to write them down for her.

Their response: "Why? Who will care?" And Heidi told them that she would care and she would get others to care. Just by producing this piece, our entire membership now cares and we hope you will too.

RELEASE DATE: End of July. Stay tuned to our [website](#) and [Facebook page](#) for updates.
